

FASTEST GOAT TO THE ISLAND

This piece of authentic taxidermy has overseen all conversations in the Mac Bar at Monroe Station since 1970.

Some of the names on this trophy can only be described as legendary. One will find multiple winners for more recent years as the award was presented to the fastest Island Goat in each division. Through 2009 there has not been a fastest goat declared for the Multihull Division. Perhaps tradition will advance to the Multihull Division in 2010. Not thought suitable for permanent recognition is an annual award presented by the Island Goat Sailing Society for the slowest Island Goat in the race deemed the “Smoked Goat.”

Beginning in 2015, the award is presented to the fastest goats in the racing and cruising divisions. Also, beginning in 2015, all goats on the fastest boat will be recognized.
