

HENRY W. ANGSTEN TROPHY

Donated in 1962 by Past Commodore Henry Angsten and a number of his friends, this sterling silver trophy was offered for annual competition among club members owning power yachts under conditions established by the Power Yacht Committee for power skipper of the year.

Beginning with 2013, this trophy is designated for the CYC predicted log skipper of the year. The winner will be selected based on an established National predicted log scoring system. The trophy is a C.J. Vander sterling Irish loving cup.
