

ILE AUX GALETS CUP

First to Finish, Cruising

Acquired by the club in 2008 as a Mac section trophy, the cup is named for an island located not far off the rhumb line about eleven miles south of Gray's Reef.

Marked by a light, it reminds many that the top of the lake is not too far away. Translated as Bird Island, it's eastern shoals are particularly hazardous to yachts returning from the race. Starting in 2013, this trophy is awarded to the boat in the Cruising Division with the fastest elapsed time.
