

# KNUD REIMERS TROPHY

---

*The Reimers Trophy was presented to the 22 Square Meter Class in 1955 as a perpetual trophy for good sportsmanship.*

Knud requested that the winner toast the losers from the Orefors aquavit decanter he had made for the occasion of the awards. The decanter is a large vessel capable of holding almost a gallon.

Beginning in 2011, the Reimers Trophy is presented to the winner of an annual Associates regatta.
