

SHELDON CLARK ONE DESIGN FLEET TROPHY

At the time of donation in 1925 by then Past Commodore Sheldon Clark, this trophy was called the Sheldon Clark Universal Division Trophy.

Universal Rule yachts were considered the “racers” as opposed to the offshore boats which were considered “cruisers”. Racers consisted of R, L-16, 22, U, Dragon and Tumblaren classes in the early years. For some reason the larger Q-class boats were also in this division. In more recent decades the classes became so diverse in design that an overall regatta award was discontinued.
